- It is to inform you with immense pride that our students have sought admission in prestigious colleges. The excellent result reflects the dedication and the hardwork of the students, the teaching faculty and the parents.
- Our Alumnus **Ujjwal Gupta of 2010** batch has cleared **GATE-2014 (Graduate Aptitude Test for Engineers) securing AIR-18th rank**. He has joined the prestigious institution **BARC (Bhabha Atomic Research Centre) as Scientific Officer**.
- It is to inform all the parents of Class VIII that henceforth the answer sheets of **SA-I and SA-II** will be checked externally as per DAVCMC's decision.
- It would be appreciated if the students exhibit their creative talent by doing the projects themselves which are given as holiday homework or otherwise parents should only guide.
- It has been observed that the students using private vans often reach late to school. They are requested to be punctual, failing which the school authorities may be forced to close the entry after the specified time.
- There are a **few changes** in the curriculum of **class IX,X,XI and XII**. The teachers will discuss these with the students. However it is highlighted in the site – cbse.nic.in – Academics – circulars.
- The Parents of **Pre-School to III** are requested to move quietly in the corridor while picking up their wards from class rooms.
- No Articles/Tiffins/Water Bottles for students will be accepted at the school gate or reception gate.

We seek your co-operation as always in order to achieve greater success & create a bench mark in excellence!

Warm Regards

PRINCIPAL
