## Principal Message

**"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations"**

**Principal Dr. Mohan Lal Sharma**  
Academician, Educationist, Scholar  
Writer, Social Worker, Awardee

### Dear Students

Today, the role of a school is not only to pursue academic excellence but also to encourage and empower its students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society. More than a decade back DAV SAMANA pledged to transform education. The school that is being run under the able stewardship of Honorable President **Dr. Punam Suri Ji** has earned its own position not only in Samana but also in its surrounding areas. At DAV, we provide an atmosphere to our students for multifaceted development, where children get such a platform which helps them to channelize their potential in the pursuit of excellence. This can only be possible in a holistic, student-centric environment.

The school is striving hard to make the best possible efforts to inculcate strong Vedic roots combining with academics and extra-curricular activities in the children. Transforming every individual into a self-reliant and independent citizen, the school provides an amalgam of scholastic and co-scholastic activities with International exposure. In our curriculum, the student is the primary focus and each child is involved in the learning process.

A new ray hope has been generated by the introduction of – NEP 2020, a pristine document on education wherein emphasis is laid on technology. From the academic year 2022-23, the government will implement the first phase of NEP 2020. The new norms we have adapted to, the resilience we have developed will play a crucial role in applying the New Education Policy in a better way.

The parents are the most strengthening power in moulding the future of children. Their consistent support empowers us to do more and more. I pay my gratitude to them for their faith in us.

I am confident enough that the DAVIANS will make themselves stronger day by day, adding a new leaf to the grandeur of the school.

**Blessings!!!**

**Principal Dr. Mohan Lal Sharma**

## STUDY PLAN - AN IMPORTANT TOOL

Study plan is a technique that enables you to make the most efficient use of your time, resources and academic potentials. As we journey together, you may face many challenges and to enable you to overcome the obstacles we offer you this wonderful tool-Study Plan to make you familiar with the values and Academic Syllabi of the school. This will increase your awareness of how you study and you will become more confident. Make this planner a part of your schedule for getting success this year.
